CAD Designer

Description

3D CAD Designer | Solidworks | Designer | Structural Steel | Architectural Metalwork | Construction | Hertfordshire

Up to £55,000 per annum plus pension & bonus

Our client is a long-established privately-owned specialist sub contractor, who are enjoying a period of planned expansion. They have an impressive client base and strong order book which has created an opening for an ambitious Designer to join their design team.

The role will be predominantly office-based producing drawings using CAD, predominantly in 3D CAD or 3D SolidWorks is key.

Key criteria:

- Previous architectural metalwork / manufacturing experience gained in the UK
- Construction Industry experience
- Ability to produce 3D drawings using CAD and SolidWorks
- UK residents or status and living within a commute of Hertfordshire

You could be from a specialist subcontracting background or an inhouse designer from a manufacturer with two or more years' experience in this specialist field of structural steel, engineering, or facades.

This is rare opportunity to work for a privately owned and operated business who have an excellent name in the industry and can offer long term career prospects and development.

Please apply below or upload your CV in strict confidence through our website quoting the job reference: 3D Designer JP939
