CAD Designer

Description

CAD Designer | Construction | Specialist Contractor | Hertfordshire

Up to £52,500 + health and pension

The Client:

This long established and highly successful Specialist Contractor works closely with tier one and two contractors offering a full turnkey supply & fit service of their specialist products throughout London and the Southeast. Sectors include mixed use commercial, transport, aviation and rail hubs with typical packages ranging from £50,000 to £250,000 in value.

They are now looking for a CAD Designer to join their inhouse team of Design and BIM professionals.

Key Criteria:

- The ability to produce accurate drawings using AutoCAD 3D and Solidworks is essential.
- 3 years minimum experience gained with a specialist contractor in the field of curtain walling, cladding or structural steel/metalwork in the UK.

This is an office-based role with occasional site visits, so would suit someone already living within a short commute of Hertfordshire.
