Estimator

Description

Construction Estimator Jobs Hertfordshire | Architectural Metal Work & Glazing | Construction Jobs

Up to £55,000 + Travel Allowance & Pension

Our client is a well-established in the specialist field of architectural glazing and metalwork for the commercial markets. As part of a period of their planned expansion they have a new opportunity for an Estimator to join their team. This role would suit someone who has had prior exposure in this specialist field or with an allied business such as curtain walling or cladding, pricing jobs up to £1million in value.

You could currently be fulfilling either a Quantity Surveying or Estimating role and are now looking to further your career as a dedicated Estimator within a well-established business that can offer long term career prospects and a high-level autonomy within the role. A degree is not essential.

They have a diverse client base with projects in the aviation, transport, commercial and education sectors, across London and the Southern Home Counties.

Your services are urgently required to help fulfil the demand and in return you will be offered a defined career path and the financial recognition and support a privately owned and operated business can offer.

Please apply below or [upload your CV](#) in strict confidence quoting the reference: Estimator JP879
