Project Manager

Description

Project Manager Construction | Specialist Contractor | West London Middlesex

Up to £60,000 plus health & pension

Our client is an established name in the field of architectural metalwork for building industry and provide a full turnkey service for bespoke internal and external fabrications. As part of a period of growth and secured framework on aviation contracts, they have a new opportunity for an Intermediate Project Manager to join them.

This role would suit someone who has already cut their teeth in the Construction Industry, working for a specialist contractor or main contractor. Prior exposure in the curtain walling, cladding or structural steel industry would be a distinct advantage.

You are now looking to develop your career as a Intermediate PM within a privately owned and operated business that will give you the time and training to fulfil your aspirations and run your own projects. **A degree is not essential.**

They have a diverse client base with projects in the commercial, residential, aviation, transport and education sectors throughout London.

As a small to medium enterprise you will be involved in a number of aspects of the business and will initially shadow a Senior Contracts Manager, visiting sites, meeting clients, assisting with both commercial (measuring up and taking off) and operational duties.

Please apply below or upload your CV through our website quoting the reference:- Intermediate Project Manager JP932.
