Senior Drylining Designer

Description

Senior Drylining Designer Hertfordshire | AutoCAD Designer | Construction Jobs

Up to £57,500 per annum plus travel allowance, pension & bonus

Our client is a long-established privately-owned specialist sub contractor, who are enjoying a period of planned expansion. They have an impressive client base and strong order book which has created an opening for a Senior Drylining Designer to join their inhouse design team.

The role will be office-based producing drawings using AutoCAD, predominantly in 2D but as the use of BIM increases in line with client demand, the necessity to produce 3D drawings using 3D Solidworks / BIM Modelling would be advantageous. Previous experience of dry lining, partitioning and suspended ceiling systems is key.

Key criteria:

- Previous Drylining / Drywall experience gained in the UK
- Construction Industry experience
- Ability to produce 2D & 3D drawings

Candidates must already be living within a daily commute of their offices in Hertfordshire. You could be from a specialist subcontracting background or an inhouse designer from a manufacturer with 5 plus years' experience in this specialist field.

This is rare opportunity to work for a privately owned and operated business who have an excellent name in the industry and can offer long term career prospects and development.
